### **Editorial**

The editorial team is happy to place before you, yet another edition of ‘Cuncolean’ 2017-2018. We received an overwhelming response from students, who were eager to get their articles published, and we apologize to those whose views we could not publish. But it’s not only ‘Cuncolean’ which is growing, so is our college. Yes, we started the academic year on a very optimistic note, trying to give our best; meeting deadline and getting ready for second cycle of NAAC. The number of students on our roll has increased, and we are sure this trend will continue. Our staff as usual endeavoured to make special efforts to keep the image of the college bright.

The year saw the burgeoning of co-curricular and extra-curricular activities. It was for the first time that our energetic General Secretary Mr. Gitesh Faldessai, along with Ms. Muskan Nandgad, Cultural Secretary, and the other equally dynamic members of the students council organized an Inter collegiate event KNACK 2K18. The event turned out to be a grand success.

The year also saw the organization of a National Seminar, on the topic ‘Revisiting Higher Education, Culture Studies, English Language and Literature Teaching. The response to the seminar was overwhelming and research scholars from as far as New Delhi participated.

Besides the regular activities, the NSS unit undertook various extension activities including a talk on eye donation, a blood donation camp and distribution of educational toys and books to the villagers of Morpilla. A number of guest speakers visited the college to acquaint our students with the latest in diverse topics. Our Kho-Kho women’s team made us proud by winning the title for the third consecutive year and many of our students participated in State and National sports events.

This issue also includes a report of the activities conducted by various departments, clubs, associations, and units. A brief profile of our teaching faculty is included as well. So sit back and devour every page of this academic journey. We welcome your feedback and hope to get back to you, the next academic year with a new issue.

### **Status of Women in India**

By Zeba Pathan, SYBA

Since independence, the position of women in India has been improved. Constitution of India guarantees women equal position with men by giving them all the rights and privileges possessed by the males living in society.

The women of India have equal opportunities and rights. They can aspire to any position and status in society. Many of them are in top positions in various fields of life. A few of them have been great entrepreneurs, managers, political leaders, administrators, executives, etc. This noticeable change in their outlook, social and economic status shows that their emancipation has been almost complete.

Today, women in India are well conscious of their rights and privileges. They are politically, socially economically and educationally not backward anymore. Their participation in the elections has been quite striking. Their political wisdom and social knowledge has now been fully accepted. The status of modern women in India has undergone a change. During the last few decades, India has produced many great women leaders, social workers, reformers and literary personalities like Mother Teresa, Indira Gandhi, Vijay Lakshmi Pandit, Dr. Annie Besant, P.T. Usha, Raj Kumari Amrit Kaur, Sachet Kripalani, Kalpana Chawla, Subhadra Kumari Chauhan, etc. India really feels very proud because of these great women and their significant contributions and achievements in the fields of art, science, sports, politics, etc.

Indian, society is a male-dominated society. Women have to depend on men for protection and help at every stage of life. As a daughter, she needs protection from her father and brother. As a married woman, she has to depend on her husband. Even in old age, she again has to depend upon her husband or son.

Women in India are still exploited and abused. They are still regarded as inferior to men. The birth of a female child is considered a curse in many parts of the country. Condition of women in villages is far worse. As they are not aware about their rights and privileges, they have to depend on men. Even some highly educated women in urban India cannot spend their earnings, as they like. Thus, in our traditional society, male dominance still prevails. A husband has a far superior position over his wife and all major decisions are taken by him without consulting her or taking into consideration her wishes and ambitions. This has created an imbalance and disharmony in many families.

There is much to be done towards improving the condition of women in India. In many parts of remote India, the custom of child marriage still exists, widow remarriage is not allowed and girls are still given away in marriages against their will. Poor parents cannot afford to give dowry. They are forced to either keep their daughters unmarried, or give them away in marriages to unmatched husbands. The hard-work and sweat as homemakers and working-women, goes unrewarded and unrecognized although it is significant enough to run a household and family.

The present status of women in India has to be further consolidated and improved. Women should rise as one powerful body and fight the evils faced by them. They should raise their voices against male pride. They should come forward and take active part in the political affairs of the country. They should declare and achieve economic independence to play stronger role in society. It is said that God helps those who help themselves and in the same way, it is true in the case of the equality and liberty of women in India.

**Today's Movies**

By: Fernandes Melisa, SYBA

The movies in modern times have changed hugely compared to a few decades ago. Today there are almost no movies without physical or verbal fights and violent incidents. Besides comedy, horror, action, romance, tragedy, etc. violence is yet another important theme of some of the movies. The stories selected for a movie are such that they appeal the youth who like to watch fights, love and adventure scenes. Films displaying love and group dances are common in almost every Hindi and other language films.

It is believed that fights, love scenes and group dances add to the cinematic charm to the film. Films have become highly commercial and the producers are bent on earning, as much money as possible through their films. Generally, this is the main reason for the low standard of films. Moreover, nowadays, the educational value of a film is not given much importance. Previously films were based on well-written novels of great writers. They had social significance in it. Today, producers want to produce as many films as possible in a year and want to earn as much money as possible. Initially they took a year or little more to produce their film. Such films were box office attraction. In modern times, many films are produced in a year and not all of them are so good to watch. Thus, commercialism in the production of films should be avoided. Producers should pay more attention on producing good films that consists educational values.

Art films are very rare these days because such films are believed to be commercially flops. The production of movies is profit-oriented and a producer cannot afford to suffer loss. Producers hesitate in producing art films, which are purely educative. Such moves deliver a forceful message to society. However, they may lack the cinematic elements like group dances, romance, fights, comedy scenes, etc. It is widely accepted that developing a story with the intention of bringing out the quality of the characters in a film and delivering a message for all may not appeal to the majority of the audience, especially youngsters.

Some film producers claim that their films based on certain formulas charm the youngsters. Such films do well in theatres. However, they are not much bothered about the quality of the film and the message it gives. Even the directors working in today's film industry are young and they want to produce films suitable to the likes of the younger age group.

### **Importance of English Language**

By: Ibtisam Shaikh, Tybcom

One cannot underestimate the importance of English. In India, there are several languages. Each region has a different mother tongue from the other. Many of us know English and how to speak and write in English. We study English in schools and colleges. English is the most famous medium of instruction for the students in India.

It is not wrong to say that English is the connecting language in India. Several writers around the world write in English. Even in India, many writers have achieved international praise by writing successful fiction and non-fiction novels in English. Such writers writing in English are honoured with prestigious awards.

One can say that the greatest gift the British gave us was leaving behind the priceless legacy of English language. We should thank them for giving us the gift of an international language, helping us to connect with the world. English as an international language has benefited us in different ways. It is undoubted that with our knowledge of English we are able to seek employment outside our country and earn well. Countries like China, Japan and Germany do not encourage English as their medium of instruction in the educational institutions. The learned men and women in these countries are stranded in looking for good employment opportunities in foreign lands.

English language comes to our support in our commercial dealings throughout the globe. It is the language of the latest business management in the world. India's ability in English has

brought glories to many Indian businesses. Thus, English is not only a means for international commerce, but also it has become essential for inter-state commerce and communication.

English can be said as a link language. Different people can communicate with one another with the help of English. Advanced knowledge in science, technology, computers and medicine is available in English. The results of the latest researches and developments come to India through the medium of English. Thus, if English is not given appropriate importance, we can lag behind in the higher fields of study. Experts believe that the world has become one family due to English.

Today, English has been firmly rooted in India. It has become a part of Indian life. Thus, English has gained great importance for the good faith of India. It has become a second language of India for the better progress of the country.

### **Well Begun is Half Done**

By: Gaonkar Pravesh, Sybcom

It frequently happens to us that something, which at first seems very difficult, is soon finished in an easy way. This can happen when we have once managed to make a good beginning. For example, some of the average students find it difficult to learn science and score well in mathematics. Every day they try hard for many hours, without realizing the fact that they are making a gradual progress. All of a sudden, after some days they may find that they have learnt quite a few scientific concepts very well and they are able to do their mathematics. Here the great difficulty is to gain confidence, understand and memorize. Once the confidence is acquired, nothing else is needed but regular practice.

When a child makes its first efforts to walk and keep its balance for a few steps, it succeeds in overcoming the weakness in the way of further progress. While learning skates and riding a bicycle, one has to go through number of difficulties. However, with practice a person learns to keep his balance with the help of a support. In the beginning, it seems to be a very risky foundation, but later with practice, it appears easy.

While acquiring new knowledge, it is true that well begun is half done. However, while learning a new language, it may become very boring to study the basics first, such as alphabets, pronunciations and initial grammar. After these important basics of a language are carefully learnt, the most unpleasant part of the task is finished. Thus, a good foundation is laid in the beginning to learn a new language.

From a primary student writing a short story to a well-known writer writing a book of hundreds of pages feels that they have worked very hard in putting efforts towards the completion of their respective works. This can be felt if one manages to make a good start. A poor or bad beginning blocks the progress of what we write. This is because it has to be written all over again or edited by bringing many changes, causing more time and trouble.

While constructing a building, the importance of beginning well is usually recognized. A good engineer applies his greatest attention to secure the stability of the foundation. This proverb also has its importance in moral application. If we are strong-minded and determined to overcome a certain bad habits like overeating or having regular junk food, initially it will require great efforts to conquer our temptation. After our first victory over the temptation, the dominance of the bad habit is destroyed and resistance to future temptations of the same kind will be relatively easy.

### **Experience Is the Best Teacher**

By: Sasha Rebello, TYBA

In several respects, the information gained from books and other sources is not always perfect. Sometimes it appears dull and much of it is not really grasped. Unless it is added and changed by the wisdom grown from experience, it is misleading and sometimes dangerous. However, nobody's experience can ever be regarded as complete.

One cannot overlook or underestimate the importance of books. The knowledge contained in books is based on endless experience. We must constantly revise bookish knowledge in the light of practical experience.

If we visit a historical place, what we have learnt about the places in the books on history will take on life and colour. There can be no better way of learning the geography of different countries by actually visiting them and understanding them. To take examples, we prefer an experienced doctor or lawyer compared to a beginner. In certain spheres of life like politics, experience is very necessary. Thus, a lazy politician is incompetent and good for nothing to society.

Many occupations demand more experience, than theoretical knowledge. The sales representative goes to shops and house to house with a good theoretical knowledge about the product but experience teaches him to make friendly relations with the customers and to avoid 'any problem. Many jobs depend wholly on practice and experience. People like shoemakers, goldsmiths, tailors, etc. learn their skills by practice, by trial and error and often serve a long training in their respective trades.

Experience is no doubt a best teacher, but it is unwise to disrespect the classroom studies. The lessons learnt from experience will not be forgotten. If we speak untruth or hide something and are trapped in a tight spot due to it, we are not likely to repeat the same mistake in future. Therefore, certain unpleasant experiences, failures and sufferings make us realize our errors and weaknesses and thus, teach us how to improve ourselves for the coming future

### **The Lost Identity**

**By Neha Soni**

She feared her identity  
She feared her worth  
Hiding somewhere in the chaos  
Of a competition to get noticed.  
Running away from her identity  
She lost herself.  
The little girl who wanted to stay in woods is lost  
She has not realised yet.  
In the world of glam and followers  
She lost the gems.  
Now when she needs a shoulder  
She sees none except the unknown faces  
And the shoulder is replaced by the ting of the message.  
Her heart is filled with silence  
But it isn't bliss but misery.

सड़क दुर्घटना को लेकर आज कल आए दिन समाचार पत्रों में ख़बर छपती रहती है। ख़राब सड़कें, तेज रफ़्तार से दौड़ती गाड़ियाँ तथा यातायात नियमों का पालन न करना यह तीन बड़ी वजह इन सबके पीछे मानी जा सकती है। इनसान को एक ही बार ज़िंदगी मिलती है। हमें वह इस तरह दुर्घटना ग्रस्त होकर नहीं गँवानी चाहिए। आज अगर जरूरत है तो नौजवानों में जन जाग्रती लाने की। सभी को सड़क यातायात की सही जानकारी होनी आवश्यक है। गाड़ी चलाने के दौरान सेल फोन या अन्य उपकरणों का इस्तेमाल नहीं करना चाहिए। अगर आप पैदल चल रहे हैं, तो क्रॉसवॉक या जेबरा क्रॉसिंग का ही प्रयोग करें। अगर आप गाड़ी चला रहे हैं तो लाइसेंस तथा अन्य दस्तावेज आपके पास मौजूद होने चाहिए।

आम लोगों में जागरूकता लाने के लिए सेमिनार, कार्यशाला के साथ साथ पाठ्यक्रम में भी इस संबंध में पाठ जोड़ने की जरूरत है। मौसम तथा हालात के अनुसार अपनी गाड़ी की रफ़्तार रखें। वाहन लाईटों तथा जरूरत के अनुसार हॉर्न का उपयोग करें। अगर आप कार या तत्सम गाड़ी चला रहे हैं तो वाहन पेटीका पहने। साथ ही अधिक गति से बचना, वाहन के शीशे का सही उपयोग इत्यादी जरूरी बातों को हमें ध्यान में रखना चाहिए।

सिपाही यह शब्द सुनकर  
गर्व से सिना हो जाता है चौड़ा मेरा  
इन सिपाहियों के भरोसे ही तो है देश हमारा  
वे भी इनसान है, हम भी इनसान है  
क्या फर्क है हम दोनों में  
अगर है फर्क बस इतना हम आम इनसान है  
जीते है अपने लिये, अपने परिवार के लिये  
हम बहुत ही डरपोक है और  
हमारी मानसिकता बहुत ही कमजोर  
और मतलबी है।

सिपाही जीता है अपने देश के लिए  
उसका कोई अपना परिवार और धर्म नहीं होता,  
उसका तो पूरा देश ही अपना होता है।  
वो देखता है सपने देश के लिए जीने के

झूठे वायदे किये जाते हैं  
और वक्त आने पर मुँह फेर दिए जाते हैं  
वक्त आने पर मुँह फेर दिए जाते हैं।  
ना समझो नेताजी इस राजनीति को खेल  
इसी राजनीति पर निर्भर है देश का मेल  
यह राजनीति ही है जो पहुँचा सकती है  
देश को सफल शिखर की ओर  
सफल शिखर की ओर  
ऐसे समय पर आज जरूरत है युवाओं की  
हममें है वह काबिलियत कुछ कर गुजरने की  
और देश को उसके उँचाईयों तक पहुँचाने की  
हमारे खून में है देशभक्ति  
यहीं सीढ़ी है देस की राजनीति का  
अब वक्त आ गया है, असली नेतृत्व दिखाने का  
वक्त आ गया है वफ़ादारी से काम करने का  
सबको मौका मिलना चाहिए, एक साथ बढ़ने का।

मोबाईल शाप या वरदान

आज की दुनिया में मोबाईल फोन की बहुत अहमियत है। इस मोबाईल की वजह से हमारे सारे काम आसान हो गये हैं। इसकी वजह से हम घर से दूर रहने वाले आदमी से भी बात कर सकते हैं। इससे दूरियाँ कम हो गयी है। अब तो हम आवाज सुनने के अलावा एक दूसरे को देखकर बातचित कर सकते हैं। इस फोन के फायदे भी है और नुकसान भी है। जो लोग मोबाईल का सही उपयोग करते है उनके लिए शाप।

मोबाईल फोन के बहुत फायदे हैं। यह फोन दूरियाँ कम कर देता है। दूर रहने वाले लोगों से हमारी बातचित होती रहती है। इस फोन की वजह से हमें हर कामों में आसानी होती है जैसे, इस फोन में नेट बैंकिंग का भी उपयोग होता है, जिससे एक बैंक खाते से दूसरे बैंक खाते में पैसे भेज सकते हैं। घर बैठे ऑनलाईन शॉपिंग होती है, जिससे हम जो चाहिए वह मँगा सकते हैं। जैसे कपड़े, जूते आदि घरेलू चीजें अब तो हम सब्जी तरकारी भी मँगा सकते हैं।

इस फोन में हम बहुत सारे एक डाउनलोड कर सकते हैं, जिसकी वजह से हमें पढ़ने में मदद होती है। बहुत सारे गाने सून सकते हैं, फिल्म देख सकते हैं। आज का युवा वर्ग इस फोन का बहुत उपयोग करते हैं। यह फोन उनकी जिंदगी का एक अहम हिस्सा बन चुका है।

यह मोबाईल जितना जरूरतमंद है, उतना ही नुकसानदायक। इस फोन का दुरुपयोग कर बहुत से लोगों ने ज्यादातर युवा वर्ग ने अपना नुकसान किया है। आजकल जहाँ देखो वहाँ मोबाईल फोन से चिपके होते है लोग। आज कल के युवा लोग इस मोबाईल फोन का गलत फायदा उठाते हैं। जैसे लोगों के बैंक खाते हैक करके उनके पैसे निकालना आदि। इसका युवा वर्ग पर गलत प्रभाव पड़ता है।

आज कल मोबाईल फोन का भूत हर सर पर नाचता है। युवा वर्ग को छोड़ो, छोटे बच्चे भी मोबाईल फोन के पागल है। आज कल पबजी जैसी गेम खेलकर बहुत सारे बच्चों ने अपना मानसिक संतुलन खो दिया है।

मोबाईल फोन की लत की वजह से कितने सारे लोग मर गए हैं। कुछ ही दिन पहले की घटना एक लड़का एक लड़का सेल्फी लेने की चक्कर में चलती ट्रेन से गिर कर मर गया। कोई समंदर के लहरों के साथ बह गया, तो कोई पहाड़ से गिर गया। आए दिन यह खबरें छपती रहती हैं। मोबाईल फोन अब लत में बदलने लगा है। जो काफी खतरनाक साबित हो रहा है। इसकी वजह से लोगों की लिखने की कला मिट रही है। अब लोग एसएस के जरिए अपने संदेश पहुँचाते हैं। भाषा की तोड़ मरोड़ करते हैं। किताबों की .एम. बुक पढ़ते हैं। मोबाईल में इ-जगह इस कदर खो जाते है कि अपनों को भूल जाते हैं।

अब सोचने का वक्त आ गया है कि हमारे लिए मोबाईल शाप है ये वरदान। दरअसल किसी भी शोध के पीछे संशोधक का उद्देश्य मनुष्य की सुविधा के लिए ही किया जाता है। किन्तु, हम उन उपकरणों का गलत उपयोग कर अपना नुकसान कर बैठते हैं। इसीलिए किसी ने खूब कहा हैमोबाईल का आप गुलाम न बनिए -, उसे अपना बनाइए।

नौकरी पेशा औरत

स्त्री हमारे समाज तथा परिवार का आधार है। बिना नारी के इस समाज का कोई भी महत्व नहीं है। ऐसा मानते हैं कि जिस घर में बेटी पैदा होती है, साक्षात् देवी उस घर में प्रवेश करती है। लेकिन समाज के कुछ लोग इसे नहीं मानते हैं। घर में बेटी पैदा हो तो उनको बुरा लगता है। पुराने जमाने में औरत का जीवन चार दिवारों के बीच सिमट गया था। वह चूल्हे चौके में ही अपना जीवन बिताती थी। न उसके पढ़ने का अधिकार था, न कोई फैसला लेने का। जब वह बेटी थी तो उसे पिता के अधीन रहना पड़ता था। विवाह के पश्चात् पति के अधीन रहना पड़ता था।

लेकिन, अब जमाना बदल रहा है। स्त्री पढ़ने लगी। नौकरी करने लगी। लेकिन प्रश्न यह कि क्या आज उसकी स्थिति बदल गयी है। माना की आज वह बड़े बड़े ओहदे पर काम कर रहे हैं पर आज भी उसे अपने परिवार की जिम्मेदारी उठानी पड़ती है। घर के सारे काम करने पड़ते हैं। उसे सुबह उठकर चाय नाश्ता बनाकर बच्चों को स्कूल के लिए तैयार-करना पड़ता है। फिर उसे अपनी तैयारी करनी पड़ती है। घर में बड़े बुजुर्ग हैं तो उनके खाने की व्यवस्था करनी पड़ता है। वह औरत है यह उसे करना ही है यह परिवार के अन्य सदस्यों की मानसिकता होती है। जिसके कारण किसी के मन में उसके प्रति सहानुभूति नहीं होती। कार्यालय में भी वह असुरक्षित ही महसूस करती है। उच्च अधिकारियों के उत्पीड़न का शिकार बनती है। आवाज उठाने की हिम्मत उसमें नहीं होती। चुपचाप सहती रहती है। वह घुटन भरी जिंदगी जीने के लिए मजबूर कर दी जाती है, सिर्फ इसलिए कि वह औरत है। वह इस भागदौड़ में अपने आप को भूल जाती है। सिर्फ दूसरों के बारे में सोचती रहती है।

वैसे देखा जाए आज की नारी अबला तथा निर्भर नहीं रही है। जो किसी के सामने हाथ फैलाए। अब वह आत्मनिर्भर है। अगर हम ध्यान दे तो यह पता चलता है कि आज की यह नारी अब भी समाजिक बंधनों से जकड़ी हुयी है। वह समाज के डर से आवाज उठाने से डरती है। आज कानून ने औरतों की सुरक्षा के लिए अनेक कदम उठाए हैं। लेकिन उनका फायदा उठाने से औरत पीछे हट रही है। आज जरूरत है उसे अपने अधिकारों के प्रति जागरूक होने की। अपने अधिकारों के लिए लड़ने की। समाज तथा परिवार के डर से घुटन भरी जिंदगी जीने के लिए मजबूर न होते हुए वह खुद खुश रहे और औरों को भी खुश रहने का संदेश दे। वह अन्य औरतों के लिए भी एक उदाहरण बनकर उनके सामने आदर्श पैदा करें।
