Shoukat be polite and talk to students very smoothly

01. Using of green board rather then ppts

02. Stop giving us writting assignment instead tell students to present an presentation infront of class ( then is no use of written assignment just waste of time and energy)

03. take us to field trip

04. most of teachers give us 5 mks written assignment and 5 mks for presentation.. which I

think is a waste of time , giving us unnecessary burden . Just give us 10 mks presentation  
04 some teacher sit and explain rather then standing..

Shoot them

Few Teachers don't believe in students an pol sci lectures are not understood

Teacher should teach students by using ppt and images so that students can understand more well and during exam times teacher's should provide questions bank for students to learn which helps especially weaker students to atleast to pass

Explanations of lessons should be more with examples so that students can understand better.

Study, Play, Enjoy.

Make teaching a two way interaction

I could say teachers should more talk to students interact while teaching

.

The teachers give their time and effort to students  
But I think they should give more preference to practical knowledge rather than bookish  
They should also teach students about the real world

Gym and free pc

It's good institution overall ok for me

1. Take us for fieldtrip far places.
2. Gives the chance to syn ty students to participate in elections n not the fy students.
3. Give students a free meal day .

Students shall be allowed to write in their own words in the exam as we r not allowed in some subjects

Students get bored to attend daily lectures kindly take them to some foreign trips ok fine atleast out of Goa toh karooo

Assignments should be done based on presentation which will actually create a skill within the students.. writing same thing n copying it again is not worth

They Should organise field trips to improve learning process

Very well teachers are teaching

- 1) encouraging the students on there weakness

I fell it is a good chance to improve our ability for future.

1. During exam time teacher should take more serious towards students douts.
